

Pos.
Connie is
in for another
5/10 for her cunning
you may luck.

Nov: 17.20

LYNWOOD,
FILEY ROAD,
SCARBOROUGH.

Dear Luth

Thanks a many
for your letter which
I much appreciated.
It was good of you
to trouble about it.
Your visit was a
real pleasure all
the way through, only
marred by the fact
that one was too
busy to see so much
of, & to knock about
with you as much
as one would have
liked. However you

will be over again
I hope before I am
too old to hit a
golf ball, or throw
a fly, & we must
then have a real
good time away
somewhere.
as I wrote by the
fire in my room, the
small Peter of yours
is making hay on
the floor with my
instrument bag & its
contents, chuckling
"gupper-gupper" &
roaring with laughter
at times, & I fully
expect he will be

making something
~~so~~ less solid than
hay presently!
However it is clean
water & a carpet
soon dries. He is
a grand kid, & is
getting on fine.
Old Steky too from
fact, & is looking
quite a tall Boy.
I do not care to
think what this winter
will be without
those 2 children &
am. I will miss
them horribly. But
of course they have
to go, & one must

just look forward
to having them again.
and of course to
one is very glad to
think that you &
am will see more
of one another, & have
your barns in your
own home. Bless'em.
I will take them
over to L-peak &
see them onto the
gangway, on 7th.
You should be
reported at P. said
in tomorrow's papers
Bless the Boy! he
won't let me alone!

coal gathering I
suppose — so the
will have been able
to run out to see
Guy & Nancy. Nice
for them all.

I have had a stroke
of luck in getting
hold (or I believe
I have) of a very
nice 15 hp Swift
Coupe, that dark
blue one which
George Taylor owns. It
is a beautiful car, in

very fine order, &
I am to have her at
a bargain price as
soon as his new
Georg Wolley is
ready — about early
Jan^y — so I am
quite bucked about
it.

I thought so! Peter
has been ominously
quiet for 3 minutes,
with a terrific
smile on his face,
& he has moved
away leaving a
bare pond behind
him!
The floor is just

littered with bottles
& instruments, &
thea locks.
old Thomeley's new
car comes next week.
We will all have
to stand of the grass
then! —

I had a walk over
the new golf course
at Wheatcroft this
pm. It is going to
be very nice. There
are some beautiful
holes, & the views
from those on the
cliff top are simply
grand. But it won't
be an easy course.

Well we will I
hope have a beat
over it — when you
have learnt to
france at the top
of your swing.

Good luck old
man. You will I
hope have a happy
Christmas, & soon
after have an
the Boys with you.
Yours affectionately
Frank G. Gifford,
